Report on Education and Learning

Our Institution B.B.M B.Ed college organised a **brainstorming programme on the Topic "Education and Learning"** on 28-09-2018 for the session 2018-2020. In this student's tried to innovate education and academics in general by brainstorming on different learning methods and skill development techniques. Students were encouraged to develop an ability, a skill, some knowledge, a new attitude etc. rather than having merely completed a given task. It also help student for developing the understanding of thinking and can have profound implications for personal effectiveness in a number of areas. This programme also helped and introspection power among themselves. Overall, the program was successfully accomplished.

Report on Role of Art and Creativity in Education System

Brainstorming is one of the problem solving activity where students build on or develop higher order thinking skills. To encourage such skill our institute B.B.M B.Ed college, Sardaha organized a **Brainstorming programme on the Topic "Role of Art and Creativity in Education"** for the session 2020-22 on 26/11/21. Through Art and Creativity Student can communicate thoughts and emotions that might be difficult to convey through words alone. It is essential for Student for personal growth and emotional intelligence. It helped Student to develop new solutions, think outside the box, and push the boundaries of what is possible. Our students enjoyed this programme vividly and they also demanded for such type of programme in future. Overall the programme was successful and fruitful.

Report on Painting Competition

Painting Competition is conducted from 12-08-22 to 14-08-2022 with the aim to encourage creativity, critical thinking and effective communication skills among students. Each student was provided with necessary art supplies including poster boards, markers, crayons and glue. The students are given the freedom to choose their own topics for the posters. They are encouraged to research their chosen topics and gather relevant information to include in their Painting competition activity provided students with a platform to showcase their ideas on various issues. It fostered collaboration, critical thinking and communication skills among the participants. The student actively participated and received positive feedback from teachers. Such activities play a crucial role for holistic development of the students.
