1.4.2 Action Taken Report of the institution

B.B.M. B.Ed. COLLEGE, SARDAHA, CHAS, BOKARO

Action Taken Report of the institution

2022-2023

College has taken feedback through different stakeholders like student, teacher, alumni and teaching practice school. Feedback is taken regarding overall functioning of the college. Feedback analysis report is discussed in the staff meeting.

Analysis and action taken of student's feedback

Most of the student's are satisfied about class teaching, student teacher interaction, assessment process, syllabus completion and outreach activities. According to student, our staff and non-teaching staffs are supportive.

For improvement and more satisfaction regarding library that library will be automated and facility of WIFI will be provided to all.

Feedback analysis and action taken for alumni

Most of the alumni were satisfied about various aspect of teaching, improvement of teaching learning process, good relation with the previous and present students, grievance handling etc.

For improvement and enhancement of the quality of this institution, placement drive programme will be organized in every year. Motivational classes by the successful alumni holder will be conducted in every year.

Feedback analysis and action taken for teachers:-

Most of the teachers are satisfied about their teachings, interaction with the students, freedom of teaching, utilization of teaching aids and equipment.

For improvement and betterment of teaching learning process, utilization of smart class and PPT presentation class will be taken regularly.

Feedback analysis and action taken for POT schools:-

Most of the POT teacher's are satisfied about pupil teacher's teaching, interaction with students and teachers, syllabus completion, class taken with lesson plan and participation in schools co-curricular activities.

For improvement and more satisfactory, for the pupil teachers, supervisor will observe and look into deeply the pupil teacher class management, utilization of proper skill and method, handling of students and how the student explore his knowledge and present it to the utmost level in the class and supervisor will try to full fill the deficiency of the students found in the classroom.
